

St. George's Catholic Primary School & Nursery

Equality Policy and Objectives

At St. George's Catholic Primary School we encourage each child to recognise their own value both as an individual and as part of the school family. We expect and encourage a high standard of positive behaviour in relationships with other pupils, staff, parents and visitors.

We aim to enable every individual, made in the image and likeness of God, to learn, grow and reach their full potential.

We aim to be a loving Christian family living the values of the Gospel... developing caring relationships with the local and wider community

(School Mission Statement aims)

To learn with kindness, respect and friendship through God's love.

1) VISION AND VALUES

Our school makes all members of our school community feel welcome irrespective of race, colour, creed or impairment. Our Mission Statement and values promote equality and tackle discrimination. Our aims are:

- 1) To enable every individual (made in the image and likeness of God) to learn, grow and reach their full potential.**
- 2) To be a loving Christian family living the values of the Gospel.**
- 3) To seek to make a difference through developing caring relationships with the local and wider community.**

St George's Catholic Primary School is committed to equal opportunities. We learn without fixed conceptions or limits, responding to children's diverse needs.

We have high ambitions for all our pupils and aim for ALL children to reach for challenging targets and achieve their full potential.

All learners are of equal value

We see all learners and potential learners and their parents and carers as of equal value:

- Whether or not they are disabled
- Whatever their ethnicity, culture, national origin or national status
- Whatever their gender and gender identity
- Whatever their religious or non-religious affiliation or faith background
- Whatever their sexual identity

We recognise and respect difference

Treating people equally does not necessarily involve treating them all the same. Our policies, procedures and activities must not discriminate but must nevertheless take account of difference of life-experience, outlook and background, and in the kinds of barrier and disadvantage which people may face in relation to:

- Disability, so that reasonable adjustments are made
- Ethnicity, so that different cultural backgrounds and experiences of prejudice are recognised
- Gender so that the different needs and experiences of girls and boys and women and men are recognised
- Religion, belief or faith background
- Sexual identity

We foster positive attitudes and relationships and a shared sense of cohesion and belonging

We intend that our policies, procedures and activities should promote:

- Positive attitudes towards disabled people, good relations between disabled and non-disabled people and an absence of harassment
- Positive interaction, good relations and dialogue between groups and communities different from each other in terms of ethnicity, culture, religious affiliation, national origin or national status and an absence of prejudice-related bullying and incidents
- Mutual respect and good relations between boys and girls and women and men and an absence of sexual and homophobic assessment

We observe good equalities practice in staff recruitment, retention and development

We ensure that policies and procedures should benefit all employees and potential employees, for example in recruitment and promotion and in continuing professional development:

- Whether or not they are disabled
- Whatever their ethnicity, culture, religious affiliation, national origin or national status
- Whatever their gender and sexual identify and with full respect for legal rights relating to pregnancy and maternity

We aim to reduce and remove inequalities and barriers that already exist

In addition to avoiding or minimising possible negative impacts of our policies, we take opportunities to maximise positive impacts by reducing and removing inequalities and barriers that may already exist between:

- Disabled and non-disabled people
- People of different ethnic, cultural and religious backgrounds
- Girls and boys, women and men

Society as a whole should benefit

We intend that our policies and activities should benefit society as a whole, both locally and nationally by fostering greater social cohesion and greater participation in public life of:

- Disabled people as well as non-disabled
- People of a wide range of ethnic, cultural and religious backgrounds
- Both women and men, girls and boys
- Gay people as well as straight

Objectives

We keep our equality objectives under review and review annually on progress towards achieving them.

- 1) To promote spiritual, moral, social and cultural development through all appropriate curricular and extra-curricular opportunities.
- 2) To reduce prejudice and increase understanding of equality through direct teaching across the curriculum.
- 3) To move beyond ideas of fixed ability and to model teaching and learning behaviours that avoids labelling.
- 4) To narrow the gap between boys' and girls' attainment in writing by the end of Key Stage 2.
- 5) To promote cultural development and understanding through a rich range of experience, both in and beyond the school.
- 6) To eradicate prejudice related bullying.
- 7) To tackle any prejudice and promote understanding in relation to people with disabilities.

2) CONTEXT

St George's Catholic Primary School is a one form entry school with part time morning nursery. The school is open for children from 8.00 am until 5.30 pm each day due to our extended provision of Breakfast Club and After-School Club.

The school buildings are all on ground level, with the exception of 3 small steps from infants to juniors. There are arrangements in place to move around the building for children in wheelchairs. There are two adult toilets for disabled use.

The building is well maintained and most classrooms have disabled access. When there is a need for children to have ease of access, classrooms are reorganised to accommodate disabled access. The grounds are accessible for disabled users.

Our school is committed to meeting its public sector statutory duties as detailed below. We understand that the duties apply to service delivery and employment and staff as well as policy development and implementation.
